Subject: Submittal: Initial Waste Characterization Work Plan

Hi Craig,

As discussed on Friday, please see our Initial Waste Characterization Work Plan for the Orange County Metal Processing site in Fullerton attached to this email. As requested, I've excluded some of the appendices from this email; however, I have included the Health and Safety Plan, which is Appendix B of the Work Plan. The complete work plan will be submitted via hard copy tomorrow.

Additionally, as discussed on Friday, we plan to conduct the work outlined in this work plan beginning on Wednesday.

Thank you
